

# Business Studies Teacher for August 2021

## Details

The British School, Alexandria seeks applications from enthusiastic, hard-working and talented teachers looking to develop their teaching career in an international setting. We follow the British National Curriculum and you would teach KS4 & 5 Business Studies. You would be joining a strong department with a supportive and committed group of experienced teachers.

The British School, Alexandria is a long-established, high-achieving and forward-thinking 3-18 International School known for its family atmosphere. It enjoys an excellent reputation both within Alexandria and further afield. It is recognised by the DfE and is an accredited member of the Council of British International Schools (COBIS). We have recently had a BSO inspection in which we were described as a “Good school with many outstanding features”. We are committed to ensuring excellent learning and teaching in a caring environment. You will find the school a rewarding and friendly place to work with good relationships between staff and students. We have a strong commitment to the professional development of all our staff.

We are the first and only school in Africa to be honoured with the High Performance Learning (HPL) accreditation, as well as the first school in Africa to be part of the Fellowship of World Class Schools. We believe in the growth-mind-set philosophy of HPL and are enriching our students with the cognitive and attitude tool kit to thrive in an ever-competitive 21st-century global society. We would be seeking to appoint a candidate who has a similar mind-set and who understands the importance of modern pedagogical research to inform their delivery of lessons.

Alexandria is a bustling, friendly and cosmopolitan city on the Mediterranean, full of historical interest. Life for teachers is enjoyable with a relatively low cost of living and a sufficiently good infrastructure, shops, cafes and restaurants to lead a European lifestyle. Most teachers are able to save at least 60% of their salary and, at the same time, enjoy exploring Egypt. Although in the past Egypt has appeared in the media, you will find that living in Alexandria is in reality similar to living in any other big city with no particular security issues and a strong and stable government.
