

# ICT Teacher for August 2021

THE BRITISH SCHOOL  
ALEXANDRIA  
since 1984

## Details

The British School, Alexandria seeks applications from enthusiastic, hard-working and talented teachers seeking to develop their teaching career in an international setting.

You would teach ICT and Computer Science in the Senior school and be responsible for the ICT curriculum across the school, liaising with the Primary School ICT co-ordinator. We follow the National Curriculum in KS3, IGCSE in KS4 and A-level in KS5. Currently we make extensive use of Google Classroom and a range of Google apps. We have 5 computer rooms as well as sets of laptops. A number of staff make use of BYOD. We use ISAMS for our administration system.

You would be responsible for building on our current developments relating to the use of ICT within the classroom and also in supporting our administration systems.

You would be joining a very supportive committed group of teachers with a mix of young and more experienced teachers.

The British School, Alexandria is a long established, high achieving and forward thinking 3-18 International School known for its family atmosphere. It enjoys an excellent reputation both within Alexandria and further afield. It is recognised by the DfE and is an accredited member of the Council of British International Schools (COBIS). We are committed to ensuring excellent learning and teaching in a caring environment. You will find the school a rewarding and friendly place to work with good relationships between staff and students. We have a strong commitment to the professional development of all our staff.

We are the first and only school in Africa to be honoured with the High Performance Learning (HPL) accreditation, as well as the first school in Africa to be part of the Fellowship of World Class Schools. We believe in the growth-mindset philosophy of HPL and are enriching our students with the cognitive and attitude tool kit to thrive in an ever-competitive 21st-century global society. We would be seeking to appoint a candidate who has a similar mindset and who understands the importance of modern pedagogical research to inform their delivery of lessons.

Alexandria is a bustling, friendly and cosmopolitan city on the Mediterranean full of historical interest. Life for teachers is enjoyable with a relatively low cost of living and a sufficiently good infrastructure, shops, cafes and restaurants to lead a European lifestyle. Most teachers are able to save at least 60% of their salary and at the same time enjoy exploring Egypt. Although in the past Egypt has appeared in the media, you will find that living in Alexandria is in reality similar to living in any other big city with no particular security issues and a strong and stable government.

## Minimum Requirements

Honours degree in ICT/Computer Science from a UK university or similar  
2 years' experience of teaching ICT at Secondary level including A-level.

Qualified Teacher Status / PGCE

Experience of teaching in the British Education system either in the UK or in British international schools

Satisfactory Police / DBS (formerly CRB) checks.

## **Desirable**

A British citizen who has been educated in Britain and so has personal experience of the British education system.

## **Terms and Conditions /Advantages**

- Very good tax free salary
- Free furnished quality accommodation (excluding utility bills) with sole occupancy within walking distance of the school (minimum 2-bedroom furnished apartment for single teachers and 3-bedroom family accommodation for families) in a very pleasant suburb of Alexandria
